MyoFusion® Probiotic Series is a revolutionary protein formulation with a highly powerful blend of six amino acid packed sources of protein. Gaspari Nutrition only uses the absolute best sources of protein which is why each serving contains 24g of muscle building protein.

To further enhance the revolutionary formula is the durable and patent protected Ganaden BC30 (Bacillus coagulans GBI-30, 6086) probiotic to help support digestive health and immune system function.*†

This advanced probiotic is strong enough to survive manufacturing, doesn't require refrigeration, is shelf stable, and survives stomach acids to deliver beneficial bacteria to your digestive system all the while having REAL clinical research to back up those claims. Real athletes not only need support for recovery and fueling their muscles, but must also consider JUST THE FACTS to support their healthy lifestyles.*

This is why MyoFusion® Probiotic Series has set the new standard for high quality and great tasting proteins for all elite athletes and health enthusiasts around the world. Would expect anything less from Gaspari Nutrition? Absolutely not because you know we are 100% committed to delivering cutting edge innovation with the highest quality standards in the world.

† As part of a balanced diet and healthy lifestyle. Ganedan BC30 is a registered trademark of Ganeden Biotech, Inc. and is protected by US Patent #6,461,607 and patents pending.

Allergen Information: Contains Milk, Egg And Soy Ingredients.

Directions For MyoFusion Probiotic Series:

Liquid Per Scoop: Add 1 scoop per 6-8 fl. oz. or 2 scoops per 12-16 fl. oz. with water, nonfat milk or your favorite beverage.

Shake: Add one to two scoops of MYOFUSION® to your shaker cup, cover and shake vigorously for 30 seconds.

Stir: Add one to two scoops of MYOFUSION® to a large glass, then mix it up with a spoon. Stir for 20 seconds or until the powder is completely dissolved.

Blend: Add one to two scoops of MYOFUSION® to a blender, blend for 20-30 seconds, then add 1 or 2 ice cubes and blend for an additional 30 seconds.

Consume approximately 1 gram of protein per pound of body weight through a combination of high protein foods and protein supplements. Use 2-4 servings (39g per serving) per day as part of a well-balanced diet that includes whole foods and other protein sources. For best results, consume your daily protein needs over several small meals spread evenly throughout the day.

Warnings: Do not use as a sole source of nutrition for weight loss or maintenance, Keep out of reach of children. Store in a cool, dry place. * *These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*
